Report on the Certification Course

In the academic year 2021-22, to assist the students in shaping their professional life and to help the students for their further studies/examination, we organised the **Certification Course on Basic English Grammar and Communication Skills** for final year BSc students. The classes were engaged for 3 months from June to August, which was proportionate to their fifth semester. Since the aim is to enrich a student's ability to use the global language for his/her wellbeing, we set the time-table in such a way that a teacher has to focus each student's performance in the class. Totally there are 28 students registered their names for the course, among them we made the two batches (14 students each) and 2 classes per batch in a week were taken.

Report on the Certification Course

In the academic year 2019-20, to assist the students in shaping their professional life and to help the students for their further studies/examination, we organised the **Certification Course on Basic English Grammar and Communication Skills** for B.Com. students. The classes were taken for 3 months from June to August, which was proportionate to their odd semester. Since the aim is to enrich the students' skill to use the global language for his/her wellbeing, we set the time-table in such a way that a teacher has to focus each student's performance in the class. So among the 30 students, we made the two batches (15 students each) and 2 classes per batch in a week.

Report on the Certification Course

In the academic year 2018-19, to assist the students in shaping their professional life and to help the students for their further studies/examination, we organised the **Certification Course on Basic English Grammar and Communication Skills** for B.Sc. students. The classes were taken for 3 months from June to August, which was proportionate to their odd semester. Since the aim is to enrich the students' skill to use the global language for his/her wellbeing, we set the time-table in such a way that a teacher has to focus each student's performance in the class. So among the 30 students, we made the two batches (15 students each) and 2 classes per batch in a week.

Report on the Certification Course

In the academic year 2018-19, to assist the students in shaping their professional life and to help the students for their further studies/examination, we organised the **Certification Course on Basic English Grammar and Communication Skills** for B.Com. Students. The classes were taken for 3 months from June to August, which was proportionate to their odd semester. Since the aim is to enrich the students' skill to use the global language for his/her wellbeing, we set the time-table in such a way that a teacher has to focus each student's performance in the class. So among the 30 students, we made the two batches (15 students each) and 2 classes per batch in a week.
