DEPARTMENT OF BOTANY

REPORT ON INAUGURATION OF WALL MAGAZINE ACTIVITY

Objective: To kindle scientific temperament in students about current trends in the subject and also to enhance the skill of scientific writing of the articles.

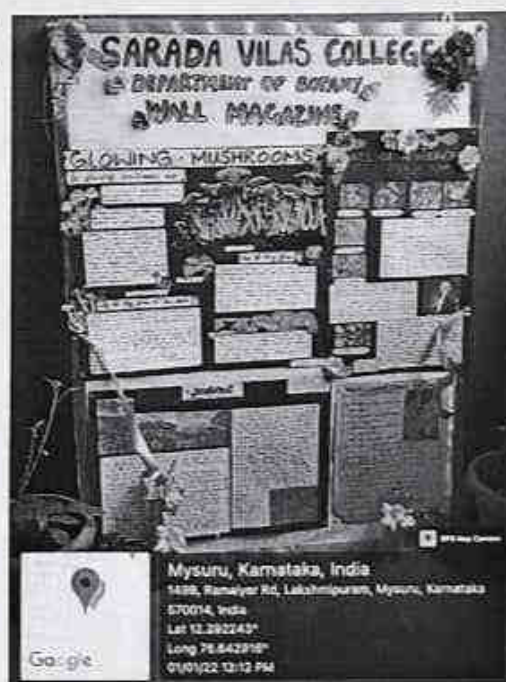

With the above objective Department of Botany has started posting the scientific articles written by students in the form of wall magazine as an extra-curricular activity.

The activity was planned and implemented by Dr. M. Devika, Principal and Head of the Department, and was inaugurated by Dr. Sharvani K. A., Associate Professor, Department of Botany, Yuvaraja's college, Mysuru on 1st January 2022 at 12 PM in department premises. She spoke few words and shared her insight with the students on the topics posted on the wall magazine.

The students had selected different themes for writing the articles. The theme for the article would be the recent development in field of science (life sciences). The students on the day of inauguration posted different articles of their interest. The articles posted by the students was on the concepts of GLOWING MUSHROOM- The phenomenon of bioluminescence in mushroom, WILLIAM ROXBURGH – Father of Indian Botany, RAFFLESIA – A largest flower in the plant kingdom, and STROBILANTHES SESSILIS – An endemic plant to Western Ghats that produces flowers which blooms once in 7 years.

The activity is continuous which takes place all through the academic year at the end of the every week. The students will prepare a write-up on selected topics and present them on the wall.

This helps students to gain knowledge in the field of scientific research and studies, students also develop the skill of writing an article on the given concept.

WORLD ENVIRONMENT DAY 2022

“ONLY ONE EARTH”

SPECIAL LECTURE REPORT

The department of Zoology organised a week-long programme regarding the celebration of “World Environment Day- 2022” having the theme “Only One Earth” from the 4th of June to 8th of June 2022.

To create awareness among the students and employees of the college about the need of conservation and protection of wild life, the Department of Zoology adopted an “Indian cobra” from Jayachamarajendra Zoological Garden, Mysuru. Students with faculties visited the Zoological Garden on 4th June noon at 2:30 pm and enjoyed visiting the adopted animal in the premises.

On 6th June 11:30am, a special lecture with interactive session was organised by the department. **Former scientist, Mr. Yogendra B S, In charge Education Section, RMNH, Mysuru.,** was the chief speaker. Mr. Yogendra spoke about the need of conservation of the **only planet** we currently have to support life. He expressed that the use of plastic is efficient whereas the use of “single use plastic” has to be minimal. Interaction was made about the **4R’s** that one needs to follow in there day to day life with regard to the use of resource. By the end of the session, all the students pledged to not go for the use of single use plastics and would refuse spontaneously.

Sarada Vilas Educational institution is fortunate to have a wide campus with a vivid flora distribution. Keeping in mind, the reducing number of sparrows due to habitat loss, the department of Zoology made a small survey to list down the number of buildings possessing baked clay tiles as the roofing materials.

Beautifully tailored earthen nets with a coat of coir over it were bought and installed in such sparrow friendly places of the institution on 6th June 2022. The presence of dignitaries of the institution, Dr. M Devika, Principal Sarada Vilas College, Dr. Hanumanthachar Joshi, Principal, College of Pharmacy, and other sister institution heads graced the function.

Under the sector of green waste management of college, the department also inaugurated the "Vermi-composting" unit setup located in the playground area of the institution under the guidance of *pragathi para krishika*, Mr. Rohit R and Mrs. Rekha Rohit. Students actively participated in the activities; they learnt the sustainable way of recycling the available resources by composting. In-house green waste was gathered, stacked and regularly watered by the students. Earthworms were later introduced into the compost units.

The efforts & dedication of Zoology students as well as faculties., Mrs. Shakunthala (Assistant Professor & Head) and Ms. Gowri A Hoysala (Assistant Professor) was appreciated by the principal and the management of the institution.

The encouragement and appreciation shown by the Principal Dr. M Devika has always been the driving force for all the departmental activities for which the department members feel thankful and grateful.

REPORT ON CELEBRATION OF WORLD ENVIRONMENT DAY

People across the globe celebrate World Environment Day on June 5th every year. The main aim of the day is to create awareness among people about the importance of nature and its conservation. Several events are organized on this day by the United Nations Environment Programme (UNEP). Every year there is a different theme to celebrate the day. This year's World Environment Day theme is set as "Only One Earth".

Sarada Vilas College being the esteemed higher education institution in the city of Mysuru celebrates, several national and international days, to create social awareness among the students of the institution.

One such activity was the celebration of World Environment Day organized by the Department of Botany to convey the message to people about the need for the conservation of nature and natural resources.

With this objective an initiative was taken by the Department of Botany, to plant tree saplings in the campus, which glorifies the campus with greenery.

The department also made an attempt to spread the greenery in the campus by distributing the saplings to the sister institutions of Sarada Vilas College, thereby encouraging them to take part in the conservation of nature.

World Environment Day is not just a celebration but also a reminder to take the best care of our surroundings. Therefore, it is the duty of every person in the world to protect mother nature, in each and every step of life without over-exploiting her resources. This makes every day an ENVIRONMENT DAY rather than celebrating it for one day.

In Collaboration with

Institute for Advanced Studies

Dates: 3rd March 2022

Time: 02 pm to 03 pm

Mode: Google meet

Speakers: Mr. Rajiv Abhyankar

Special Invitees: Dr. B. M. Subraya, President, Sarada Vilas Educational Institutions

1. Background

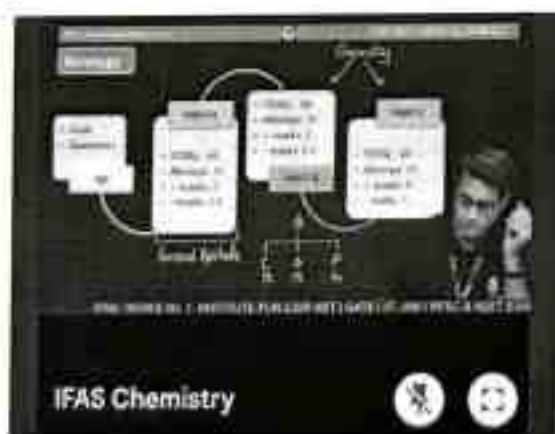

Institute for Advanced studies (IFAS) is a private organization with the mission of democratizing online education through personalized learning. The institute provides coaching classes for various competitive examinations like IIT JAM, GATE, TIFR GS, CSIR-NET, SET and so on. The team of IFAS comprises of several well qualified persons who not only have the experience of coaching several students but also have cleared so many competitive examinations. Sarada Vilas College collaborated with IFAS in conducting some career guidance programs for students especially related to career after M.Sc in Chemistry. The result of this collaboration was the webinar on 3rd March 2022.

2. Webinars

The speaker, Mr. Rajiv, listed various competitive examinations – like CSIR NET, GATE, SET, Assistant professor Exams, ONGC etc – which can be taken by students both from academic and job point of view. Speaker then took CSIR – NET for discussion and discussed the syllabus and structure of question paper. This was followed by a detailed analysis of question papers of past few years. Speaker also gave detailed explanation regarding different areas of chemistry to be focussed and also suggested reference books for preparations. Co-ordinator and Adjunct professor of post graduate department of Chemistry, Dr. R. Gururaja had attended and asked few clarifications regarding the coaching classes of IFAS chemistry towards the end of the session. Nearly 60 students had attended the webinar.

3. Plan ahead

In the webinar, IFAS faculties shared information about the IFAS app and their website. The analysis of question papers of all the examinations as well as some free videos of tutoring are available on their website. Further, materials related to these examinations, though not available for free on their website, can be availed. IFAS is interested in tying up with Sarada Vilas College in conducting coaching classes especially for Sarada Vilas students in separate batches at discounted fees. Further discussions are yet to happen between IFAS and Sarada Vilas College in this direction.

Sarada Vilas College collaborated with IFAS in conducting some career guidance programs for students especially related to higher education after B.Sc. The result of this collaboration was the two webinars, one for physical science students and the other for life science students.

2. Webinars

On 24th, a webinar for physical science students was organized. The title of the webinar was - "Strategies to crack competitive examination after B.Sc". The speaker was Mr. Mayank Sharma of IFAS. The speaker for the webinar "Unwrapping brighter future opportunities in life sciences" on 25th was Ms. Alisha Habib. 160(70 for 24th and 90 for 25th) students of Sarada Vilas College had registered for the webinars. In both the sessions, the speakers first listed few competitive examinations in India - like IIT JAM, TIFR GS, CUCET, JEST etc -which can be taken by B.Sc graduates to enter mainly into higher education institutes for M.Sc or Integrated Ph.D. Speakers then took IIT JAM for discussion and discussed the syllabus, pattern of question paper with the students. This was followed by the analysis of question papers of the previous years, some suggestions for preparing for these exams and also information regarding the materials for the examinations. Towards the end, there were interaction sessions. In the beginning of the webinars, our Principal, Dr. Devika M, spoke few words on the usefulness of these webinars for our students.

3. Plan ahead

In the webinars, IFAS faculties shared information about the IFAS app and their website. National Science Day

Science is the pursuit and application of knowledge and understanding of the nature and society, following a systematic methodology based on evidence. Science education impinges on society in two ways, a. technologically, by changing the material condition of life, work and production, b. intellectually by changing the way in which we think.

The application of science does not merely solve problems, but its cumulative effect changes the shape of social life. The knowledge of science put into practical use to solve problems is technology. Scientific knowledge is what, learnt from the scientific process which involves experimenting and collaborating.

Science, along with technology brings most reliable and significant knowledge and is the key to human welfare. Since many students are not showing much interest in research and science, it's the need of the hour to bring young minds towards basic science.

In this scenario, it is imperative that the educational institutions should motivate the students to pursue science as a career. In order to achieve the same, it is necessary to organize events which make young students to learn science in a more methodical way and enjoy science learning process.

About National Science Day

It is celebrated every year on 28 February to commemorate the discovery of "Raman effect". On this day, Sir Chandrasekhara Venkata Raman announced the discovery of the "Raman effect" for which he was awarded the Nobel prize in 1930. It is celebrated to spread a message about the importance of science in the daily life of the people.

The celebration involves discussion of the issues and the new technologies implemented for the development in the field of science. This not only provides an opportunity to scientific minded people in India, but also encourages citizens as well as to popularize science and technology.

This year, the theme of National Science Day (NSD) 2023 is "Integrated Approach in S & T for Sustainable Futures". With this theme, we are engaging all the science departments to participate and create a scientific forum for the students to exchange their ideas.

General rules for competitions

- A valid identity proof of college must be produced.
- Registration is compulsory for each participant.
- Only after registration.
- Each student is allowed to participate only in two events.

Science poster

- 2 to 4 students can submit one poster.
- Poster measurements = 4x3 feet (Portrait or Landscape orientation.)

- Poster must include the following details.

Title, Name of author(s) and affiliated organization(s), background information, details of the topic with its applications and discussion of possible future directions should be mentioned.

Biological Sketch

Theme : Anatomy of Human Organ

Kindly bring the required materials for the competition. (Team of two members)

Science quiz

Students from all branches of science can participate.

A team should comprise of two members (one student to form teams strategically like one from physical science and one from life science).

If there are more than five teams registered, we shall conduct a written test and finally select 5 teams for the quiz.

Photography

Only one photograph is allowed per entry. Image may be captured in one college campus and can be taken in any camera. After possible basic editing, the photograph should be submitted with a caption.

Science model

A team of minimum two participants and maximum of three participants is allowed.

Working or non-working models with the charts explaining the concerned topic can be exhibited.

Participants can choose any topic of their interest.

1. Background

December 22nd is a day of celebration for all Mathematicians in India. This day is celebrated as National Mathematics Day throughout the country. On this day, in 1887, born the legendary mathematician Srinivasa Ramanujan in a small place in Tamil Nadu. Difficulties mattered nothing to this genius, who was committed and passionate towards creating mathematics of his own. G.H. Hardy, one of the finest Mathematicians and also the man who introduced Ramanujan to the formal Mathematics describes his relationship with Ramanujan in his autobiography *A Mathematician's apology* as follows: "I still say to myself when I am depressed, and find myself forced to listen to pompous and tiresome people, 'Well, I have done one thing you could never have done, and that is to have collaborated with both Littlewood and Ramanujan on something like equal terms". These words of Hardy are enough to tell the impact Ramanujan had on World Mathematics Community. It is not an exaggeration if we tell that, even after a century Ramanujan has left us physically, most of the current research articles in the areas of q-series, modular equations and partition theory contain the name and ideas of Ramanujan. In recognition of the contribution of Ramanujan to Mathematics, in 2012 Central Government of India declared 22nd December of every year as the National Mathematics Day in India. Hence this day, 22nd December is a day of celebration for people working in Mathematics. To commemorate the birth day of Srinivasa Ramanujan, Sarada Vilas College in collaboration with Sri. H. D. Devegowda Government First Grade College organized a National level webinar on 27th December, 2021. Dr. C. S. Yogananda, Former professor, SJCE, Mysuru was invited as the speaker for the webinar.

2. Formalities

The webinar began with an introduction by Yathirajsharma M. V, Asst. Professor, Sarada Vilas College, who acted as the anchor. The guests were welcomed by Dr. Vijay Kumar, Asst. Professor, Sri. H. D. Devegowda Government First Grade College. This was followed by the encouraging speeches by the Principals of both the colleges, Dr. Devika M and Dr. G. D. Narayana. A brief introduction of the speaker was given by Ms. Pushpa K, Asst. Professor, Sarada Vilas College. This was followed by the talk by Dr. C. S. Yogananda and an interaction session. Finally the vote of thanks was given by Dr. Suroja Y Talwar, Asst. Professor, Sarada Vilas College.

3. Webinar

The main objective of the webinar was to give glimpses of the way Ramanujan used to work. The author chose universal quadratic forms as the main example. Before beginning the talk on the actual topic, universal quadratic forms, the speaker showed the online repository of works of Ramanujan. It was the website www.ramanujan.sirinudi.org which can be accessed freely by anybody. Speaker mainly used this website to show the work of Ramanujan on universal quadratic forms and simultaneously used a presentation. Title of the presentation was "Universal quadratic forms from Ramanujan to Manjul Bhargava". Speaker began with the meaning of quadratic forms and then explained how the problem of universal quadratic forms were perused by various mathematicians from Ramanujan to Manjul Bhargava including J. H. Conway. A universal quadratic form is a positive definite quadratic form with integer matrix which can represent all positive integers. The form which was considered by Ramanujan was the below one:

$$ax^2 + by^2 + cz^2 + dw^2.$$

Mathematicians were interested in finding the conditions on a, b, c and d for the above expression to be a universal quadratic form. Ramanujan showed that there were 55 possibilities on a, b, c and d for the above form to represent all natural numbers. This was true, provided all the coefficients, a, b, c and d were positive. Later, mathematicians became interested in the problem of finding the conditions on generalized quadratic forms to be universal. For instance, J. H. Conway and Schneeberger found out a way that for a positive definite quadratic form with integer entries to be a universal quadratic form, it is enough to check if it represented all natural numbers from 1 to 15. Similarly Manjul Bhargava perused the same work and proved the 290 conjecture of Conway.

Speaker showing the original paper of Ramanujan

This was a small journey kind of story from Ramanujan to Manjul Bhargava. Speaker finished the talk by showing few pages of Ramanujan's notebooks (like the taxi cab number's page and number of representation of 4th power of some number as sum of 4th powers of some other numbers). After finishing the talk, speaker asked students' to interact if any. Speaker himself encouraged students to pursue further by asking a question on sums of squares. Few students enthusiastically interacted, thought, and responded to the question of the speaker. This was a lesson by the speaker, to question oneself similar kinds of questions which they encountered in any talk.

4. Statistics

A total of 352 number of people had registered for the webinar through google forms of which 72 number of people were from out of the state. Of these registered people, 244 number were students. A total of 302 people attended the seminar. Feedbacks were collected through google forms and an analysis was done. The following charts show the analysis.

Special lecture report:

A special lecture on "LIFE CYCLE OF STARS" by Dr. Shivalinga Swamy T, Associate Professor and Head Department of physics, Govt. Autonomous College, Mandya, was held on 16th of December 2021 at 11:00 AM in AV hall of Sarada Vilas College, Mysuru.

Principal Dr. M Devika welcomed the resource person Dr. Shivalinga Swamy T. Smt .Suganthi S. Singh, Associate Professor and Head department of physics, introduced the resource person to the students. The organisers M.R.Prathap, Assistant Professor, Dhanushchandrakuru H M, Assistant Professor and A R Naveen kumar, Assistant Professor actively organised the special lecture.

The talk on "LIFE CYCLE OF STARS" was conducted for one and a half hour duration by the resource person. 160 students actively participated in the special lecture. Later interaction session took place with students asking various questions for which Dr. Shivalinga Swamy T answered and cleared all their doubts.

Student's feedback:

Students gave a positive feedback and said that the special talk was very much interesting to them by which they got some ideas about black holes.

REPORT

The Sarada Vilas College conducted an orientation programme for the newly appointed teaching faculty on 11th of December 2021 under the guidance of the Principal Dr. M. Devika, Sarada Vilas College. Sri Dr. H.N. Vishwanath, Faculty, Sarada vilas Teachers' College, the Resourceful person, was being invited for the programme. Dr. Saroja Yallappa Talwar, the staff coordinator of HRDMC, made a warm welcome speech and Smt. Kumuda, Mathematics department, introduced the Resource person to the faculty members.

Dr. H. N. Vishwanath enlightened with his innate knowledge regarding the teaching techniques and asked to make class interactive session rather being one side teaching which makes the students reluctant in the class.

Report

Date: 10/01/2022

Venue: AV Hall

On the occasion of "International Animal Rights day" on 10th December 2021, the Department of Zoology, Sarada Vilas College, Krishnamurthy Puram, Mysore conducted "Voice of animals" an interactive session with 'People for Animals', Mysore with regard to inculcate awareness among the students about the untold rights of animals.

The session started at 12:00 PM on 10/12/2021, started with the instructions to the participants. Mrs. Shakunthala, Assistant Professor and Head, Department of Zoology welcomed the gathering and introduced the guests and Dr. M. Devika, Principal, Sarada Vilas College presented the Inaugural speech. The scientific session was moderated by Ms. Gowri. A. Hoysala, Assistant Professor, Department of Zoology.

The resource persons are Mrs. Savitha Nagabhushan, The Honorary Managing Trustee, PFA, Mrs. Kokila Jain, A Biologist and Sparrow Conservator and Ms. Ashika Appalaiah, Social media and Public relation manager, PFA

Mrs. Savitha Nagabhushan has served as honorary managing committee member at CLIPA & as a trustee at Wildlife Rescue Center in Bangalore. She also photographed captive elephants in Assam, Andaman's, Bihar, Karnataka and especially in Kerala. Mysore City Corporation was still poisoning the street dogs till 2010, but in the year 2010 reaching out to Animals got the contract for sterilization of the dogs. She has worked for stray animals for more than twenty years. She also photographed electrocution. After her photos reached Maneka Gandhi (Member of Lok Sabha), the killing of dogs was stopped in Bangalore.

Ms. Ashika Appalaiah is a gold medalist from University of Mysore. She started her carrier as content writer and slowly upgraded her skills to a graphic designer, Movie Director, Photographer, Videographer and editor she also manages the social media and Public Relations of PFA Mysore.

She elaborated the structure and functioning of People for animals and exposed the inside world of PFA beautifully through her presentation. The idea of pet adoption was conveyed to the students.

Mrs. Kokila Jain is a Biologist and Sparrow Conservationist and working for the environment too by making seed balls and saplings which are being distributed. She is a science graduate and strongly believes in the philosophy of Live and Let Live. She shared her concern and conservative activities on diminishing Sparrow of India.

Mrs. Savitha Nagabhushan, The Honorary Managing Trustee, PFA clarified various queries raised by the students. The program was concluded with vote of thanks by Ms. Jyothsna V. Madhu, Assistant Professor, Department of Zoology, Sarada Vilas College. The Session was very informative and well appreciated by the participants.

Thanking you.

ಈ ಕಾರ್ಯಕ್ರಮಕ್ಕೆ ವಿದ್ಯಾಸಂಸ್ಥೆಯ ಎಲ್ಲಾ ಅಂಗಸಂಸ್ಥೆಗಳ ಪ್ರಾಂಶುಪಾಲರು, ಉಪನ್ಯಾಸಕರು, ವಿದ್ಯಾರ್ಥಿಗಳು, ಸಿಬ್ಬಂದಿಗಳವರು ಉಪಸ್ಥಿತರಿದ್ದು ಶ್ರೀ ಅರಸೀಕೆ ಶಾಲಾ ರವರು ಪ್ರಾಧಿಕಾರವನ್ನು ಕೊಡಿದರು. ಅತಿಥಿಗಳವರಂತೆ ಸಾರ್ವಜನಿಕ ವಿಶಾಲ ವಿದ್ಯಾಸಂಸ್ಥೆಯ ಕಾರ್ಯದರ್ಶಿಗಳಾದ ಶ್ರೀ ಎನ್.ಚಂದ್ರಶೇಖರ್ ರವರು ಕಾರ್ಯಕ್ರಮವನ್ನು ಉದ್ಘಾಟಿಸಿ ಕನ್ನಡ ರಾಜ್ಯೋತ್ಸವದ ಅರಸೀಕೆ ಶಾಲೆ ಮತ್ತು ಶಿಂಗಣಿ ಗ್ರಾಮೀಣವಾಗದೆ ಬಹಳ ಎಲ್ಲಾ ದಿನದಲ್ಲೂ ಕನ್ನಡ ಬೆಳವಣಿಗೆ ಉಪ್ಪು ಮೈದನವನ್ನು ನೀಡಬೇಕು, ಮಾತೃ ಭಾವೆಯ ಮೇಲೆ ಅಭಿಮಾನವಿರಲಿ. ಕನ್ನಡೋಕ್ತರರಿಗೂ ಕನ್ನಡ ಕಲಿಸುವ ಮನೋಭಾವ ಬೆಳೆಸಿಕೊಳ್ಳಬೇಕು. ಹಾಗೆಯೇ ಕರ್ನಾಟಕ ಸರ್ಕಾರ ವಿದೇಶಿಸಿದಂತೆ ಗಣಿಗಳನ್ನು ಎಲ್ಲರೂ ಗಾಯನ ಮಾಡಲು ನಿರ್ದೇಶಿಸಿದರು.

ಸ್ಥಳಿಯಲ್ಲಿ ಬೆಳೆದಿದ್ದ ಎಲ್ಲರೂ ಕನ್ನಡ ಉಳಿಸಿ ಬೆಳೆಸುವ ಬಗ್ಗೆ ಸಂಕಲ್ಪಮಾಡಿದರು. ರಾಷ್ಟ್ರ ಕವಿ ಕುವೆಂಪುರವರು ರಚಿಸಿರುವಂತೆ ನಾಡೆ ಗಣಿಯನ್ನು ಹಾಡುವ ಮೂಲಕ ಕಾರ್ಯಕ್ರಮಕ್ಕೆ ಚಾಲನೆ ನೀಡಲಾಯಿತು. ನಂತರ ಕರ್ನಾಟಕ ಸರ್ಕಾರದ ಅಧೀನದ ಮೇಲೆಗೆ ಕನ್ನಡದ ಪ್ರೀತಿಯನ್ನು ಸಾರುವ ರಾಷ್ಟ್ರ ಕವಿ ಕುವೆಂಪುರವರ "ಬಾರಿಸು ಕನ್ನಡ ತಿಂಡಿಯವ", ಈಶ ಕೆ.ಎನ್.ನಿರಾಜ್ ಅಹಮದ್‌ರವರ "ಮೇಗದ ಸಿರಿ ಬೆಳಕಿನಲ್ಲಿ" ಹಾಗೂ ಹಂದರೇಬ ರವರ "ಕುಟ್ಟಿದ ಕನ್ನಡ ರಾಡ್ಲಿ ಹುಟ್ಟಿಬೇಕು" ಈ ಮೂರು ಗೀತೆಗಳನ್ನು ಏಕಕಾಲದಲ್ಲಿ ಹಾಡಲಾಯಿತು.

ಈ ಕಾರ್ಯಕ್ರಮವನ್ನು ಉದ್ಘಾಟಿಸಿ ಸಾರ್ವಜನಿಕ ವಿಶಾಲ ಶಾಲಾ ಶ್ರೀ ಎನ್.ಚಂದ್ರಶೇಖರ್ ರವರು ರಾಜಎಂ.ದೇವಿ ರವರು ಕಾರ್ಯಕ್ರಮಕ್ಕೆ ಗೌರವ ಪ್ರೀತಿ, ಅಭಿಮಾನವನ್ನು ನೀಡುವಷ್ಟು ಸಮ್ಯಕ್ ಭಾವನೆಯಿಂದ ಕನ್ನಡಕ್ಕೆ ನೀಡಬೇಕೆಂದರು. ಕನ್ನಡ ಅಭಿಮಾನವನ್ನು ಹುಟ್ಟಿಸುವಂತಹ ಕಾರ್ಯಕ್ರಮಗಳು ಇನ್ನು ಬೆಚ್ಚಿದ ಮಟ್ಟದಲ್ಲಿ ನಡೆಯಬೇಕೆಂದರು. ಸಂಕಲ್ಪ ಮಾಡಿದಂತೆ ಕನ್ನಡೋಕ್ತರರಿಗೂ ಕನ್ನಡ ಭಾವೆಯ ಮಹತ್ವವನ್ನು ತಿಳಿಯ ಪಡಿಸುತ್ತ, ಕನ್ನಡದಲ್ಲೇ ವ್ಯವಹರಿಸಿ, ಮಾತನಾಡಿ, ಬರೆಯುವುದನ್ನು ರೂಢಿಸಿಕೊಳ್ಳೋಣ ಎಂದು ಕಮ್ಮಿ ಹಿತವರವರ ಮೂಲಕ ಛಾಪಾಭಿಮಾನವನ್ನು ಪ್ರಕಟಪಡಿಸಿದರು.

ಕೊನೆಯಾಗಿ ಎಲ್ಲರಿಗೂ ವಂದನೆಯನ್ನು ಸಲ್ಲಿಸುವ ಮೂಲಕ ಕಾರ್ಯಕ್ರಮಕ್ಕೆ ಕೆರೆ ಎಳೆಯಲಾಯಿತು.

The session was informative and the speaker made an attempt to reach the students who were one among the participants. The speaker also spoke about the strategies to improve the quality of education among B.Sc students, he emphasized the need of taking up researches in this regard by students and upcoming researches, which may indirectly benefit the future. He also made a mention about the different ways by which the LED bulbs can be replaced and electrical energy can be conserved for the future generations, which was worth an advice for the future construction of buildings, wall mounted LED bulbs will only require battery and not electricity.

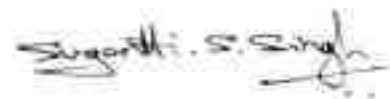

The session was also interactive, the speaker answered the questions and quires put forth by the participants in a more effective and meaningful way. The speaker concluded the session by emphasizing the importance of Nanoscience and also the impact of the hazardous effects of nanoparticles on human life.

For this webinar, nearly 200 members had registered. Among that 60% of registration was from the student's side, students were from our own institutions, other institutions, and institutions of other universities also participated. And the remaining 40% from faculties' side. They were from our own institutions and other institutions also. Department had used Google Meet

for conducting the webinar, and this webinar got live-streamed on YouTube. The webinar went smoothly with good organization. And the session got over with a formal vote of thanks proposed by Mr M.R.Prathap, Assistant Professor, Department of Physics, SVC. The webinar was anchored by Smt Shakuntala, Assistant Professor, HOD of Zoology, SVC.

Department gave the feedback form to the participants using Google Form and got good feedback from them. Certificates to all the participants, who had attended the webinar was issued.

**Report of Webinar on "CAREER OPTIONS IN
BIOTECHNOLOGY" organized by Sarada Vilas College,
Mysuru on 30-6-2021**

The Department of Biotechnology of Sarada Vilas College, Mysore, had organised a webinar on "Career Options in Biotechnology" on 30th June 2021 to help the students to plan their career in Biotechnology. Webinar was Presided by Dr. M. Devika, Principal, Sarada Vilas College and Patrons of Sarada Vilas educational institution Dr. Subraya and Honorable Secretary Sri N Chandrasekhar graced the occasion.

The session started at 03:00 PM by giving instructions to the participants by Miss Tanushree, a student of final year B. Sc., Mr. Madhushankar welcomed the gathering and Miss Kannika Gupta, a final year student introduced the Resource Person and Dr. Devika M, Principal, briefed the audience about the objectives of the webinar.

Dr. Umesha S, a senior Professor from the Department of Studies in Biotechnology, University of Mysore, with his vast experience of more than 25 years of teaching and research experience who is also honoured with the Prestigious Fellowships of National Academia like Fellow of National Academy of Biological Sciences, Fellow of International Society of Biotechnology and Fellow of Indian Society of Mycology and Plant Pathology, addressed the students and gave a detailed account of the career options in Biotechnology which was really appreciated by the students and staff for his meticulous presentation.

He expressed his opinion that research in the field of basic science is contributing enormously for the nation's progress. Modern Biology/Biotechnology is playing a pivotal role in all the fields of human life that is why the business people calling this field of Biotechnology has making money out of Biology. Prof Umesha S, stressed upon role of DBT in encouraging and supporting Biotechnology related research in all the fields for the benefit of the mankind. He said, Government of India is encouraging the academic program and also the R&D by supporting enormously to the students who are interested to pursue their career in the field of Biotechnology. DBT, Under Ministry of Science and Technology is conducting an all India entrance test GAT-B for the admission to MSc Biotechnology. Any Science Graduate can appear for this entrance test ONLINE. He told that the qualified candidates can get admitted to MSc Biotechnology under the DBT recognized University/centers for which they will give 5 thousand rupees as stipend for 2 years to complete their MSc biotechnology Program. DBT Government of India will again conduct DBT-BET test, the candidates qualified for DBT-BET can take admissions to PhD in any recognized DBT institutes/Universities to pursue their PhD Program. Prof S Umesha informed that the MSc Biotechnology students can also appear for UGC-CSIR-JRF, ICMR-JRF, ICAR-JRF and pursue their PhD Program. In addition to above there are certain institutes CCMB, CDFD, Hyderabad, IISc Bangalore, will conduct their own entrance test for which MSc Biotechnology students are eligible to apply.

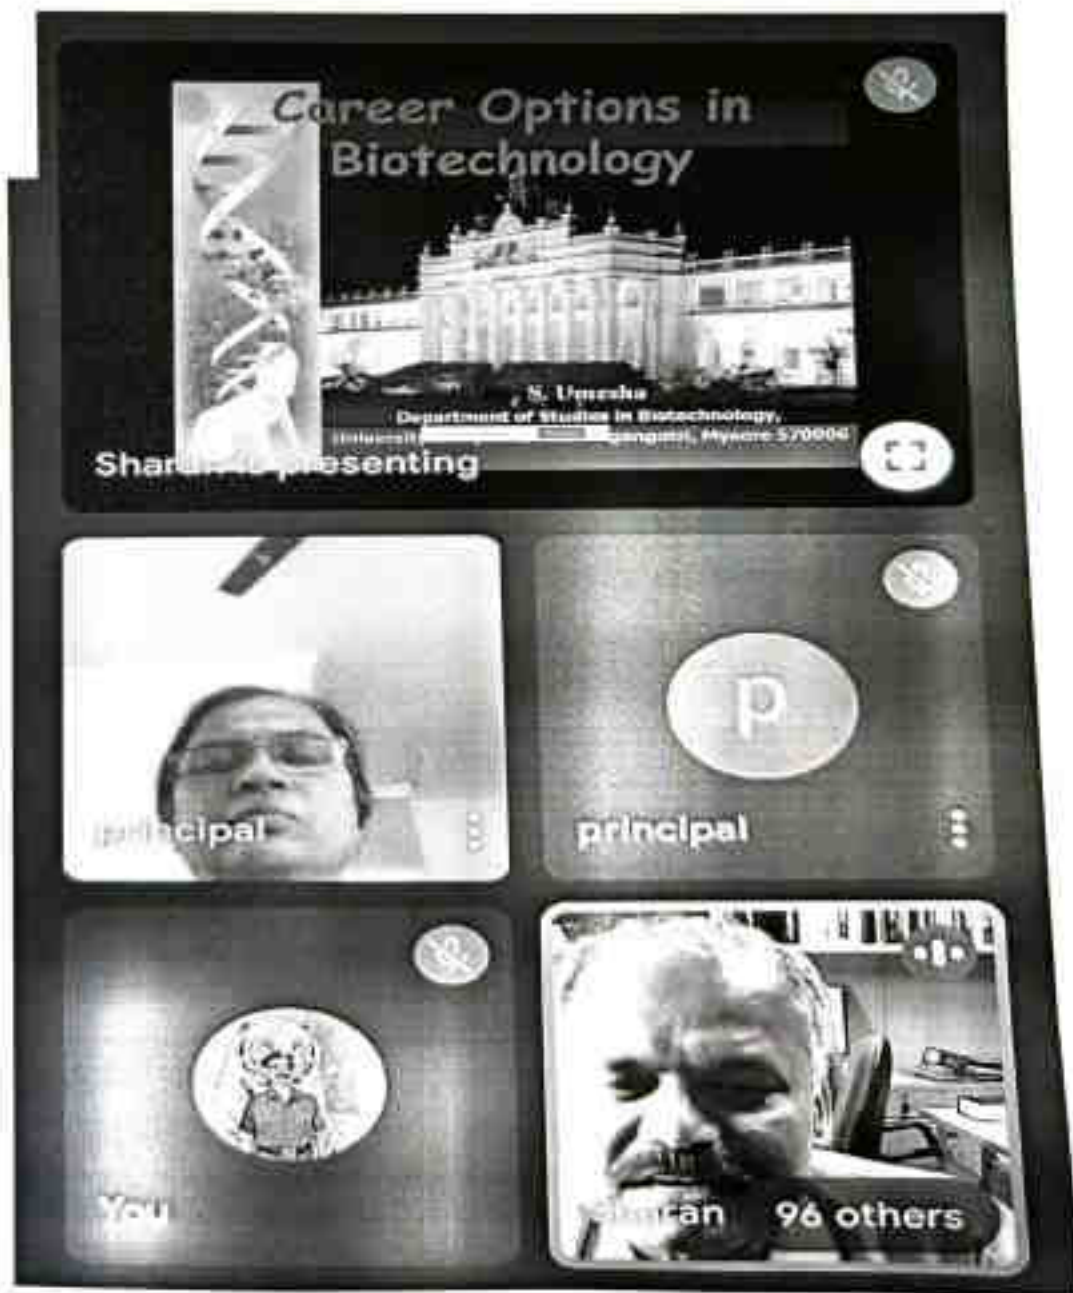

The session was concluded at 4.30 pm after the interaction session with the proposal of vote of thanks by Miss Tejaswini, a first year B. Sc. Student of Biotechnology.

Thanking you,

Yours truly

A Report On Kannada Special Lecture

“Literature which moulds the humanity” is the biggest medium of art said by Sathihya Academy president Dr. B V Vasanth kumar, supporting this statement; Sarada Vilas College has organized a special lecture on the contribution of literature in developing individuality. The special lecturer has opined that literature makes man more intellectual, matured and refined. Now the man engulfed in many anxieties has become inventible to blossom his mental peace through literature. Society acts as a mirror and literature is its reflection. Hence, he opined that students can lead a life worthwhile through art and literature. Dr.M Devika the Principal, Sarada Vilas College has presided the session remarked that Sarada vilas college has always been encouraging art and literature from decades. These many such lecture programs have been scheduled to mark the celebration of golden jubilee of the college . Dr. Sathyanarayana, Dean, DOS in Commerce and Management grace the occasion. Dr. Divya and Dr. Anand compiled the programme Kum.Nethra rendered the invocation and Sri.Thejas has done the vote of thanks.
