Subject: || B.Sc Hons DS & AI - Practical Lab Facility ||

Dear Ma'am,

Greetings!

We have started the practical Lab session for the first semester C Programming course
from 12th Feb 2021. All the tutors from Holosuit have visited the college during the lab
session and interacted with B.Sc Hons students. We look forward to engaging them in
hands-on activities
through practical classes.

@Jagadeesh Krishna Sir, we need visual studio 2019 community edition software to be
installed on all the computers to carry out the practical lab sessions, I request you to
extend this facility available from the next lab session and do the needful.

Thanks & Regards,

Raghunandan B

Dear Sir,

      Further to the letter received regarding payment to your services provided in driving the course - B.Sc (Hon's) in Data Science and Artificial Intelligence in Sarada Vilas College, I would like to bring it to your notice that modifications to be done in the MoU made between Sarada Vilas Educational Institutions (R.) and Holo Suit Pte Ltd. Singapore, is not yet completed and therefore payment cannot be made as per your invoice sent to the institution. Sarada Vilas Educational Institution has decided to pay Rs. 1.60,000/- as service charges (At the rate of Rs. 40,000/- per month for four months) to HoloSuit for completing the first semester classes on time.

      Please acknowledge the payment and oblige.

    Thanking you,

                                      yours sincerely

                                       Principal

### SARADA VILAS EDUCATIONAL INSTITUTIONS®
### Krishnamurtypuram, Mysuru

## SKILL IS STRENGTH - ACQUIRE IT.

### POWER-UP YOUR CAREER THROUGH THE FUTURE-SKILLS™ PLATFORM

- ✦ First Educational Institution to offer in Karnataka State
- ✦ Become familiar with TEN emerging technologies
- ✦ High demand job roles in these technologie
- ✦ Deep skilling pathways
- ✦ Artificial intelligence (AI) curate contents
- ✦ Continuous learning
- ✦ Unique initiative to power your journey to the future

## Panel 3 (inner left)

Have you got brilliant ideas and a deep desire to create a better world? But you often lack access to skills training, to technology or to teaching faculty in getting critical guidance you need to draw up a bright future for yourself?

The future of work will experience a dramatic change driven by technology, globalization, demographics, social values, and the changing personal expectations of workforce participants, in particular Millennial.

Here is a never-before opportunity to chart a bright career path!

Sarada Vilas Educational Institutions has collaborated with IT-ITeS Sector Skills Council NASSCOM in offering **FutureSkills™ Program** to its students. It is the **FIRST INSTITUTION** to offer the course in entire Karnataka State.

In today's competitive world, it is essential that you need to learn crucial career skills early to ensure a competitive edge sharpened with a heightened sense of workplace values and ethics. **FutureSkills™ Program** takes you through a journey of career discovery, understanding and polishing of oneself which will then be translated into job application tools such as resumes and interview skills. You will have an opportunity to undergo a robust Career Assessment Tool, which assesses your career options and career maps and helps you chart a career action plan. You will also learn how to identify and articulate the concept of personal branding and applying that to resumes and interviews and online social media. You will also be exposed to the basics of grooming to ensure that you are aware of the importance of first impressions in all situations.

## Panel 4 (inner middle)

### Introduction of FutureSkills™ Program in Sarada Vilas Educational Institutions

Technological change drives long-term economic growth, productivity and improvement in living standards. By registering with the **FutureSkills™ Program** brought to you by your Institution, the first one to offer in Karnataka, you will have the unique opportunity for

➢ Becoming familiar with TEN emerging technologies, discover high demand job roles in these technologies as well as the skills needed for these job roles.

➢ Continuous learning  Formal and informal learning through of hours of curated content tailored to the individual's areas of interests and goals.

➢ Deep Skilling  Up-Skill by enrolling in free or paid deep skilling pathways at the FutureSkills marketplace with all the major global providers of courses, assessments, labs and credentials.

### How FutureSkills™ Program works?

IT-ITeS Sector Skills Council NASSCOM (SSC NASSCOM) is the skills and standard setting body for the IT- ITeS industry, formulated by the Government of India under the aegis of National Skills Development Corporation (NSDC).  SSC NASSCOM works with its industry members and select academic and skill development institutions to help improve the quality and quantity of the employable workforce available to this Industry.

The **FutureSkills** Initiative is a truly industry driven learning ecosystem. The FutureSkills portal has been designed as a marketplace and content library, where the best global providers of content and learning have come together for offering learners information on the latest jobs, the skills needed for those jobs, learning content, assessments and certification. ### INTRODUCTORY COURSE
ON
### ROBOTICS & ARTIFICIAL INTELLIGENCE

---

**Sarada Vilas College** has aimed at providing quality education to students in the emerging technologies. As part thereof the College offers the summer program to students in Mysore City.

The Introductory Course aims at providing you the basic technical skills for developing your interest on emerging and future technologies. It equips you with the concepts of robots and artificial intelligence through exposure to the real world examples and scenarios. The primary goal of the course is to teach basic methods in AI including probabilistic inference, planning, tracking, controlling all with a focus on Robotics. This course is designed to excite you by opening you to the numerous applications, developments in the field, which has been expanding human capability beyond our imagination. The secondary goal is that in case you intend to make robotics and artificial intelligence as your career, you get the expert guidance on the road-map with career options.

The students opting for the course does not require to have any prior knowledge on computers or programming.

Sarada Vilas College has partnered with M/s. KaayaTec.Inc, USA for conduct of the course and issue participation certificates. The College has set-up **Robotics Laboratory** for training of students. The College is the first institution in Karnataka State for introducing FutureSkills™ Platform of NASSCOM to its students. NASSCOM has collaborated with the College in planning and conduct of skill-based programs, qualifications and training.

The journey to secure your future begins NOW! Take the first step to power-charge your future. The journey demands you to keep on transforming, because the world continues to change! Register immediately as only limited seats are available.

*"Technology cannot replace great teachers, but technology in the hands of great teachers can be transformational."*

# CERTIFICATION COURSE ON ROBOTICS

---

Sarada Vilas College offers the Certification Course on Robotics as a beginner level specialization in a highly attractive skill. You do not need have any prior knowledge or experience in the field to get started. The Course will guide you through the glamorous world of Robots which will beneficial for you to chart your career path by drawing a road-map for advanced skill development.

### "Robotics"- What it means

**Robot** is defined as a re-programmable, multifunctional manipulator designed for performance of variety of programmed tasks and can replace humans in dangerous environments or critical manufacturing processes and can resemble humans in appearance, behaviour or cognition. Robotics is the study of robots, which are machines that can be used to do various jobs. Robotics deals with automation of various functions in the social, economy and manufacturing segments, bringing about reduction of costs and improvement of overall efficiencies. Some of the robots can think and act like a human being and work by themselves. Robotics as an interdisciplinary sector of science and engineering is a rapidly growing field. The fast-growing field includes designing, engineering, programming, testing of robots, human robots and collaborative robots.

### Certification Course How it benefits me?

The Certification Program is designed and offered by Sarada Vilas College to meet the unprecedented demand in the industry as well as producing highly skilled personnel demanded by future job markets worldwide. By taking the Course, you will be getting a full grasp of robotics including various types of robots and their applications. You will be provided with hands-on experience of robot movements, navigation and accomplishing programmed tasks as complex as construction, disaster recovery and military applications.

### Future outlook!

• Research conducted by Reports-n-Reports states that the humanoid robot market is likely to touch US$ 3.9 billion by the year 2023.

- • The five technical skills in greatest demand to deliver projects today are: user experience (67% digital initiatives), analytics (67%), automation (61%), IT architecture (59%) and artificial intelligence (58%) (Source: *"Talent Radar" of Infosys Knowledge Institute*).
- • Increased government attention and preferential policies to meet international competition has led to industries investing heavily in new technologies. These initiatives lead to never-before job opportunities to skilled youth.
- • India leads and caters to the world of technology with abundant talent available

Spirit is one of a group of robots that have explored Mars from the surface or from orbit. Mars 2020 Rover's wheels are individually motorized and made of titanium tubing that help it firmly grip the harsh terrain of the red planet.

## Department of Commerce & Business Administration
### Tally ERP Classes-Report

The Department of Commerce and Business administration has arranged for the Tally ERP Certification courses in association with the Shri Sainik Gurukula-An Authorised Tally training institute in Mysuru. The college had a tie-up with the institute to conduct Tally ERP 9 Classes in the college premises. Tally training was planned to provide for both for Students as well as Staff members of the institutions.

In the first batch the training program was conducted to students. The Tally ERP inauguration program was organised on 17-01-2022. Initially more than 50 students showed interest for the tally ERP 9 Classes and the number was reduced to 30 students as per our available computer lab Facility. From each students Rs.2,500 was collected towards the Tally ERP fees and deposited to Institute account and later it was paid Shri Sainik Gurukula-An Authorised Tally training institute in Mysuru.
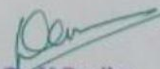

Totally 40 classes were conducted (15 hrs theory classes and 25 hrs Practical classes) for the I Batch Students. The exams were conducted on 12-03-2022 for 30 Students in 3 Different batches of 10 students each. The exams were conducted in the computer science department of Sarada Vilas College. The list of students whom have taken examination are enclosed.
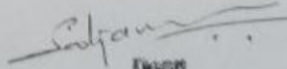

The department of commerce and business administration has also arranged for the training program for the staff members of sister institute of Sarada Vilas Educational Institutions. The meeting of staffs were conducted on 14-03-2022 for the staff members of the Sarada Vilas Educational Institutions to know the requirement of the staffs. The training program was started from 15-03-2022 from 3.30PM-5.00PM every day for 8 days. This is considered as II batch of training program of Tally ERP.

List of participant's received from sister institutions were 22. The attendance to the class was not encouraging due to official work at their institutions like examination duties, NAAC work etc,. However after discussing with the Hon. Secretary sir it was decided to select one &/or two from each of the sister institution to train them separately at their convince, specially Saturday, Sunday or any day in which the work pressure is less at their workplace. The same has to be discussed with Mr. Bhaskar, Shri Sainik Gurukula-An Authorised Tally training institute in Mysuru.

The distribution of certificates to the students who pass the examination has to done with a colorful function.
