Feedback analysis of students – Mechanism

Each student was given feedback forms each containing certain criteria. Student had to give his/her opinion about the concerned teacher for all those criteria. For the sake of grading we had given the following points to the quantifiers:

Very good – 4

Good – 3

Satisfactory – 2

Unsatisfactory – 1

After collecting the feedback from all the students, an analysis was carried out at the individual teacher level. Finally to get overall picture, an average was calculated for each criteria over all the faculty members and the resulting number was converted to percentage. Following is the way to interpret the percentages. For instance, for a criteria named 'Knowledge level of the teacher', suppose our data says 90%. If 75% represents Good and 100 % represents Very good, the knowledge level of faculty of Sarada Vilas College is between Good and Very Good and is almost towards Very Good.

Over the past five years, we had different feedback forms. Even in an academic year, we had different feedback forms for bachelors and master's degrees depending on the necessity of the concerned program. '

Connecting with your Alma Mater

Alumni Meet :: 26th January 2020
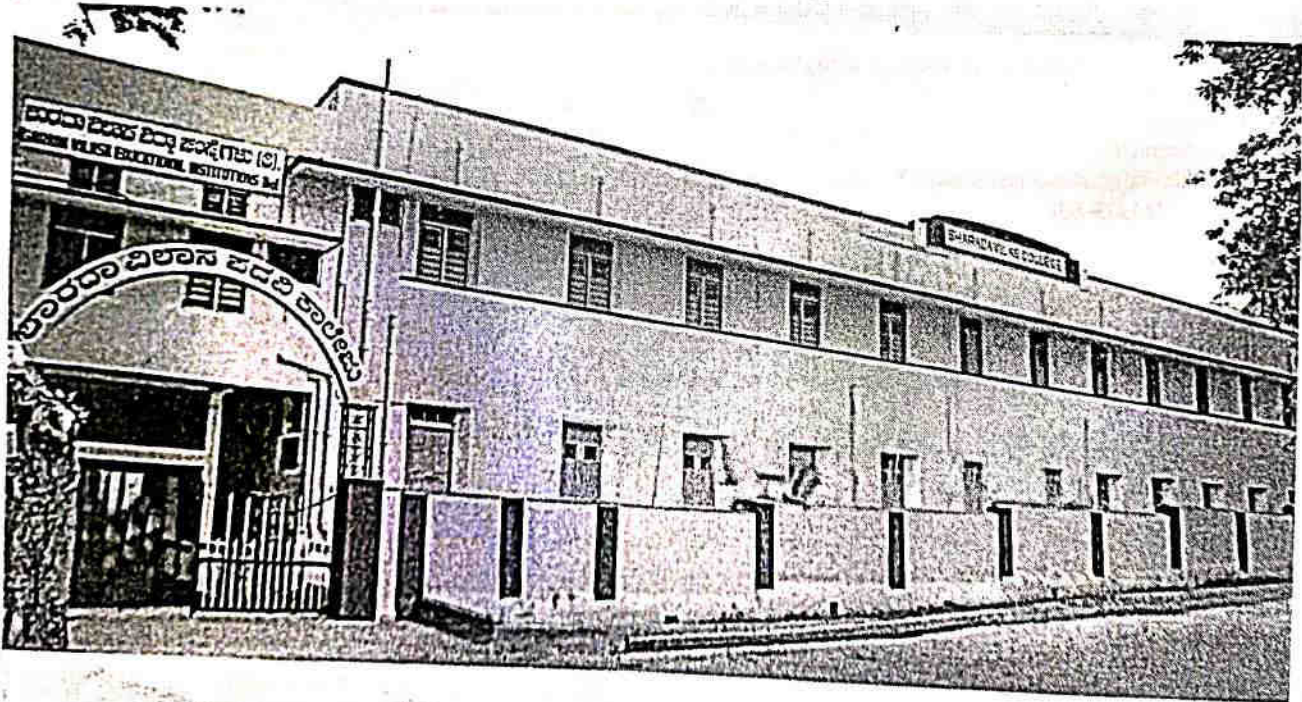

"The Association has the objective of fostering friendship, allowing vibrant interaction, promote alumni aspirations, facilitate involvements in all the strides of the College and building a gateway that supports both the current and the future programmes of the College in a steadfast manner"

Message from the President of SVEI

Sarada Vilas College was started in the year 1945. In the Platinum Jubilee Year of the College, it is exciting to record that you are part of its journey through the years. Meeting our graduates has always been delightful. The Alumni Meet is designed to offer you an opportunity to meet your past classmates, teachers, renew friendships, nurture mutual pride and share a sense of achievement. A vibrant alumni network gives an opportunity to the Institution to elevate the quality of academic programmes both present and future so as to ensure constant improvements thereof.

It is my pleasure cordially to invite you for the Meet. I look forward to your close association with the Institution in a strong and steadfast manner. Let us all join hands and work towards taking your Sarada Vilas College to great heights.

Sincerely yours

B.S.Parthasarathy

President

Driving force behind the new academic courses - Skill Development

Sarada Vilas Educational Institutions® has recognized better educational facilities as the key to achieve a significant, sustained and widespread student outcome gains. It has embarked on a data-supported reform to achieve the goal.

Raising skills holds the key to higher living standards and well-being of the pupils. Although, majority of our students come from economically weaker sections of the society, their investment in knowledge creation with the support of the user industry will be the key to creating highly remunerative employment and also enhancing productivity growth in the country.

Significance of higher education for specialization in transcending technologies brings about:-

" Quality workforce: Higher education through various programs aimed at preparing the students from economically weaker segments enables them to develop skills and create a sustainable workforce. The Institution plans the new courses by engaging and attracting professionals and experts from the IT-ITeS industries for training and professional developments.

" Industry-Academia partnerships: With technology changing the nature of work, the requirements on the skills of employees has undergone a change. The Institution has planned the new courses and programs in order to keep knowledge of the students relevant and activate skill supply to the industry, thus supporting improvement of industries in productivity and growth.

" Promotion of technologies: The Institution has planned the new courses and programs as a technology and innovation driver with thoroughbred knowledge acquisition and usage by the students as the prime objective. In doing so, it understands the significance of faculty development programs and exposure of the faculty to best teaching practices and creating industry-standard remuneration to attract the highly qualified and experienced faculty. Apart from the above, the Institution lays emphasis on development of soft-skills as part of curriculum with the jobs of the future place a premium on the capabilities.

Initiatives so far taken towards delivery of new academic programs

1. The Institution has taken up membership of NASSCOM as a step towards opening up education to its pupils in the fields of transcending technologies.
2. The University of Mysore has accorded its approval for the Bachelor of Science (Honours) in Data Science and Artificial Intelligence. This Course is the first of its kind in Karnataka State and in India, combining the two streams of transcending technologies.
3. The Institution has entered into MOUs with NASSCOM for:-
   a. Qualification Packs via newly introduced academic courses during the UG Program and appear for the QP Assessment at the appropriate NSQF Level (National Skills Qualification Framework);
   b. FutureSkills Program launched by SSC NASSCOM. First batch of about 1,000 students are enrolled for this Program. (It may be noted Sarada Vilas College is the first Institution in Karnataka State to have introduced the Future Skills Platform);
   c. Centre of Excellence - Data Science & Artificial Intelligence, NASSCOM for faculty development and delivery for the proposed academic courses.
4. The Institution has entered into technical collaboration agreements with five top notch companies and some more are in the pipeline. These Industry-academia partnerships facilitate course delivery based on industry requirements, practical training to students, internships and job placements.
5. The College has set-up a Robotics Laboratory which got inaugurated on 10th of January 2020.
