Education is the passport to the future, for tomorrow belongs to those who prepare for it today.

PRINCIPAL'S DESK

Dear students,

It gives me immense pleasure to welcome you all to this great institution. Sarada Vilas College, founded in 1945 and known for imparting quality education to all irrespective of caste, creed, and religion is having a long and rewarding history of 77 years of achievement in education, and it continues to move forward with still more pride and confidence.

The only message that I want to give is - Dream big and work towards your goal. We, at Sarada Vilas College, promise you that you will be provided with all the facilities needed to accomplish your goal. The college tries its best to maintain the highest quality academic standard and provide a conducive atmosphere for studies. The college therefore has undertaken a great leap in integrating ICT tools into the class room teaching and learning process.

We at SVC, focus on the overall development of students by supporting them both in curricular and extracurricular activities. In addition, they are also encouraged to participate in sports and games and hence many of our students have brought laurels to the institution by bagging medals at national-level competitions. The campus, sports, and academic facilities all bear testimony to this.

The recent decades have brought radical changes in the concept of education. Today's competitive world demands the best of technical skills, logical thinking and a perfect blend of it with the culture so as to bring a better generation which can take the society and the nation to the unbound sky of development. Hence our esteemed institution does not merely focus on academic achievements but tends to create an aura of excellence that can transform a student into a genius moreover- an outstanding human being.

I also take this opportunity to thank all the parents who have reposed their faith in our college.

We assure to do our very best always.

I would like to quote Swami Vivekananda at the end of this message:

“We want that education by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet”

Dr. M. Devika

A man who dares to waste one hour of time has not discovered the value of life.

—Charles Darwin

GENERAL INFORMATION

Classes are held between 7.30 am and 6.00 pm. Each theory class is of one hour duration. A caution bell is sounded five minutes before each period to remind the students that they should be seated inside the class room.

The College follows the CBCS system as per the regulation of the University of Mysore. In this system, the students are assessed continuously. Tests in all subjects are conducted regularly and the performance of the students is monitored systematically.

Attendance is mandatory and as per the regulations of the University of Mysore, every student must have a minimum of 75% attendance in each subject. If any student fails to fulfill this requirement, he/she will not be allowed to appear for the examination.

Every student is given an identity card which will be valid for three years. He/She should compulsorily wear it in the College campus.

As per the dress code of the College it is mandatory for every student to wear the College uniform daily. No student is allowed to enter the class room/laboratory/library without Id card and College Uniform.

DISCIPLINE

Students are required to conduct themselves well. If their behavior damages the reputation of the College, they will be rusticated. •

They should be polite and well-mannered. Further, they should dress up neatly and decently.

They should not damage the College property. If they do so, they will be fined and punished.

They should not roam around the campus. During leisure, they must use the facilities provided in the library and the network resource centre.

“Take risks in your life. If you win, you can lead, if you lose, you can guide.”

— Swami Vivekananda

FACILITIES

In order to encourage the students to develop their all-round personality, the College lays emphasis on both curricular and co-curricular activities. Keeping this in view, the College offers a wide range of facilities for the benefit of students. They should use all these facilities and grow up as bright students and responsible citizens.

First and foremost, the College Library, aptly called the nerve centre, has an excellent collection of books on all subjects. In addition, it subscribes to a number of journals and magazines, and has a good collection of CDs, DVDs and Audio Cassettes. As a supplement to the College Library, all the departments have their own libraries to help the students.

The College encourages the students to keep abreast of the latest happenings in the areas of science and technology. In this direction, special lectures by experts are arranged regularly. They will be held in the Audio-Visual Centre, an exclusive and well-furnished hall.

Students are taken out for industrial visits for a first-hand experience of the industry. They will be richly benefitted by this practical experience.

All the departments organize seminars by students which will enable them to work on their own, prepare papers and present them before their teachers and classmates. Besides, they are encouraged to participate in various science exhibitions, cultural programmes and literary competitions.

The College has a Network Resource Centre where the students can visit various websites to update their knowledge. This facility is offered with an intention to empower the students and hence it is totally free of cost.

The College has a Career Guidance and Placement Cell which guides the students about their education, employment and career. It trains them to write the entrance tests and face the interviews confidently.

Both outdoor and indoor games are given equal importance. There is a multi-specialty gymnasium with highly sophisticated equipments. Besides, there is a sprawling playground for outdoor games and a compact hall for indoor games. To enable the students to develop leadership qualities, the College has both NCC (Army and Navy) and NSS.

A canteen is housed in the College campus to help the students.

RO water plant is installed in the campus to ensure the supply of safe & pure drinking water

“You are never too old to set another goal or to dream a new dream.” —*Les Brown*

LIBRARY

The College library works from 9.30 am to 5.00 pm. Students should sign in the register as soon as they enter the library. They should maintain absolute silence in the library.

Eatables are Not allowed inside the library.

Each student is given two borrower's cards and a reference card. They are not transferable.

Books are issued only against the borrower's cards.

Books issued for home reading must be returned within 15 days. If any student fails to return them within the mentioned date, fine will be imposed. Students have to examine the book thoroughly before borrowing it. If it is damaged, the matter should be brought to the notice of the Librarian immediately.

They should take care of the books they borrow. If they damage the books, they will be fined.

Books once borrowed may be renewed before the due date. However, renewal requests will not be honoured if other students need them.

Reference books, magazines and old question papers will be issued only against the reference card. Students should return them before leaving the library. They should return the library books and cards to the Librarian before obtaining the admission ticket for the examination.

SCHOLARSHIPS AND FREESHIPS

Various Government scholarships, freeships and endowment prizes are available to deserving students who fulfil all the essential conditions.

Only regular and well-behaved students will be recommended for scholarships and freeships.

The highest education is that which does not merely give us information but makes our life in harmony with all existence.

—*Ravidranath Tagore*

HABIT OF READING

Education never ends, neither after school nor after getting the job of your dreams. Our life is a continuous learning process although we may not be conscious of this

How to Develop the Habit of Reading

- ◆ Place reading on your priority list
- ◆ Find good books
- ◆ Enjoy reading
- ◆ Plan your reading habit
- ◆ Read as much as you can
- ◆ Read early in the morning
- ◆ Practice speed reading
- ◆ Read constantly

Why Reading is a Good Habit

- ◆ Builds Your Character
- ◆ Imparts Knowledge
- ◆ Flair in Language
- ◆ Food for thought
- ◆ Keeps You Peaceful
- ◆ Friend in Need
- ◆ Reduces Boredom
- ◆ Natural Sleep Aid

“Stand up, be bold, and take the blame on your own shoulders. Do not go about throwing mud at other; for all the faults you suffer from, you are the sole and only cause.”
