### Report on Webinar

Higher Education and Job Opportunities in India and Abroad after Graduation

Organized by Department of Commerce and Business Administration on 6th June 2022

Resource Person: Mr Ashirwad Tiwari, Senior Education Counsellor, Leverage Edu, Pune

The Department organized a webinar on "Higher Education Opportunities in India and Abroad after Graduation". The detail report of the webinar has been furnished below:

A total of 70 students from final year B.Com and B.B.A participated in the webinar. The webinar was streamed on Google meet platform. Mr Ashirwad Tiwari, Senior Education Counsellor, Leverage Edu, Pune was the Resource Person.

The session started at 3:00 PM on 06.06.2022. Mr Raj Kishore S N, Assistant Professor, Department of Commerce and Business Administration Welcomed the gathering. Mr Vijeth J.K, Assistant Professor, Dept of Commerce and Business Administration introduced the resource person. Ms Arpitha, Assistant Professor, PG Centre - M.Com moderated the session.

At 3:10 PM, session was taken over by the speaker.

The prelude to the program was given by Mr Ujwal Senior Manager at Leverage Edu, Pune. The session was conducted by a team of experts from Leverage edu, Pune. The session was started by Mr Ashirwad Tiwari, giving a statistics of higher education opportunities in India and abroad. UK and United States has the highest education quality index of 78.2 and 70 % respectively.

Mr Priyansh, educated the students on job opportunities abroad during studies as well as stay back opportunities after studies. He opined post covid the system abroad in UK and Canada has created more job opportunities compared to India. The speaker told about the their services right from selecting the universities, getting the loan for studies abroad, writing the LOR and SOP for getting admissions in universities abroad. Mr Ujwal, shared the eligibility criteria's and documents which the students need to be ready with for applying to the Universities. With regards to the English proficiency students have to take English tests like IELTS, TOEFL, Duolingo etc. Amongst all the countries offering study permits, UK is the only country to offer a one year Masters course. The session concluded at 4:15 PM with Question and Answer session. The questions were selected from the chat box at the time of discussion and all the questions were answered in presentation. Few Participants had questions even after the session; all the questions were answered by the speaker.

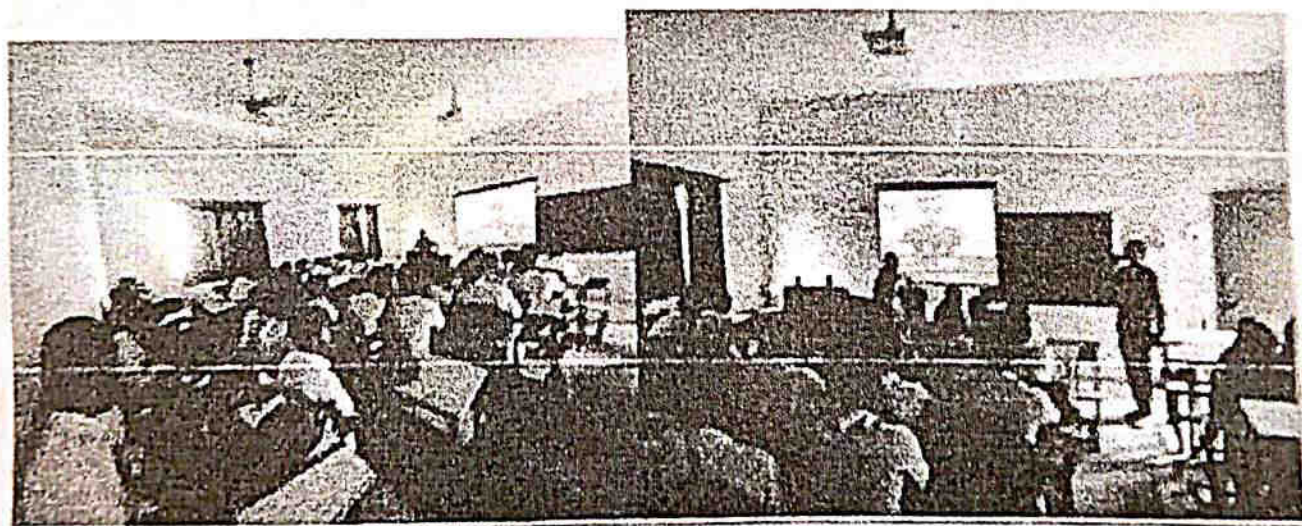

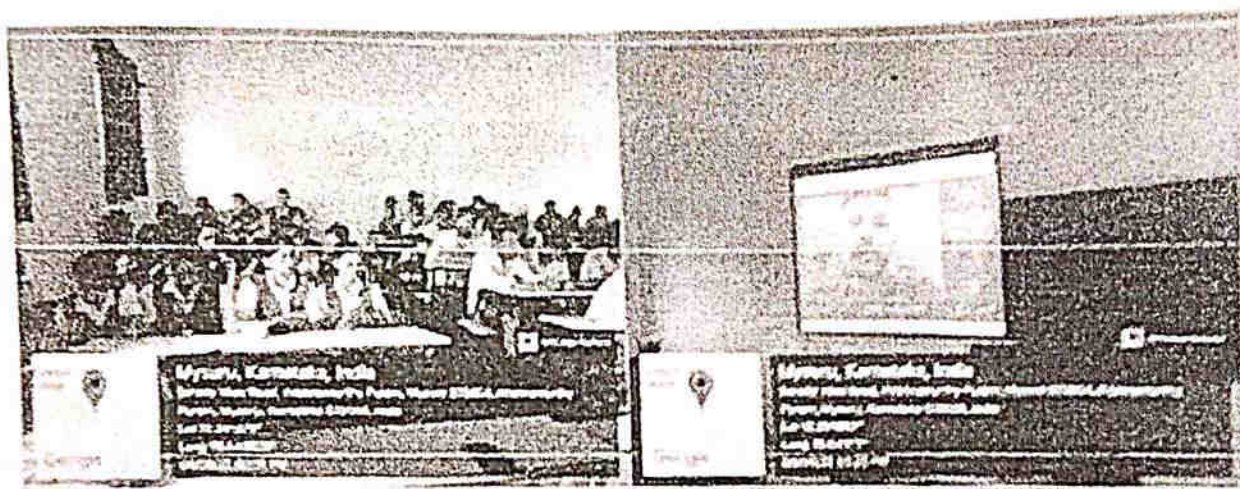

The speaker shared information on the scholarship opportunities available to students wherein the students have to write an essay, which is assessed and students can get benefit up to Rs.7,00,000/-

Dr. M. Devika, Principal, Sarada Vilas college inaugurated the session and expressed her gratitude to Resource person and also towards the Management for their constant support and encouragement.

Prof. Satynarayana, Dean – Dept of Commerce and Business Administration, rendered the keynote address of the webinar session. The webinar program concluded with vote of thanks by Mrs. Pragathi, Assistant Professor, PG Centre – M.Com, Sarada Vilas College. Mr. Vijeth J.K. was the convener of the webinar Mrs. Asha and Ms Arpitha were the coordinators for the Webinar programme. The webinar was educative and motivated the students to take up higher education. The programme well appreciated by all the participants.

Orientation Program On Entrepreneurship In GST Profession At Sarada Vilas College

## **Orientation Program on Entrepreneurship in GST Profession at Sarada Vilas College, Mysuru**

The team from EduElevate met the students of Sarada Vilas College, Mysore on 10th June 2022 and organised orientation program on Entrepreneurship in GST Profession.

Change is inevitable. Transition period is always tedious. So is the transition for students from their under graduate academics to career as entrepreneurs in GST domain. Students deserve time to unwind themselves to forge new relations with the real world and familiarize themselves with the new environment. Orientation program helps in making students of B.Com. and BBA feel comfortable and decide about their career from among many options available to them.

"Opportunities knock only once at your door," goes a famous saying. Indeed, GST is that one knock in terms of opportunities for Indian graduates in Commerce and Management. GST in India is being termed as the country's most comprehensive and biggest taxation-cum-economic reform since independence. GST is historical indirect tax reform in India. There has been a paradigm shift in the Indirect Tax structure with the GST rollout on July 1, 2017. It is really important to understand and assimilate the new GST in India, new compliances and the changes in processes in operating business.

To,

Ms. Chandrala G  
Head of Research and Operations,  
Cite Worthy Life Sciences,  
Mysore.

Respected Madam,

Subject: Request to conduct hands on workshop in Sarada Vilas College

With reference to the above subject, I would like to bring it to your notice that, the Department of Botany and the Department of Biochemistry is jointly planning to organize a one-day state level workshop from our college to give exposure on research and laboratory skills among the students. I have come across that the Cite Worthy Life Sciences is doing its best in organizing such kind of workshops It would be appreciated if you can help us in conducting a hands-on workshop on '**Basic Experiments in Phytotherapy**' for the benefit of our students which would help them in their research career. Therefore, I request you to accept this proposal and do the needful.

Thank you

Yours faithfully

### ABOUT MYSORE:

Mysore or Mysuru, a city in India's Southwestern Karnataka state, was the capital of the kingdom of Mysore from 1399-1947. In its center is opulent Mysore Palace, seat of former ruling Wodeyar dynasty. The palace blends Hindu, Islamic, Gothic and Rajput styles. Mysore is also home to centuries-old Deva Raja market, filled with spice, silk and sandal wood.

Mysore ranks 5<sup>th</sup> among Indian cities that attract foreign students. Students from 52 countries study here for undergraduate and post graduate courses. Around 1000 students arrive in Mysore every year for higher studies.

### ABOUT THE COLLEGE:

Sarada Vilas College located in the heart of beautiful and heritage city Mysuru is a fragrant flower in the bucket of the famous Sarada Vilas Institutions. It was born as an intermediate College in the year 1945, it grew up into a First Grade College in 1952 offering Bachelor Degree in Science, both Physical and Natural Sciences. In 2013, extended its academic activity by launching B. Com and BBM (now BBA), further extended its academic initiative by starting M.Sc., (Gen. Chemistry) in 2014 and M.Com program from 2017.

### ABOUT THE DEPARTMENTS

**BOTANY :** The Department was started in 1963 as department of Biology to cater the students of Mysore city. Later in 1965, the department was bifurcated into the departments of Botany and Zoology, and since then, the department has a legacy of imparting quality education to thousands of students with a state-of-the-art laboratory, and good collection of specimens, fossil slides, equipment and a herbarium.

The department has carved a niche in the city of Mysore and owes its credit to the then eminent Professors of the department, Prof. S Lakshminarayana, Prof. A N Nagarathnamma, Prof. K G Shashikala and Prof. Y Gururaja.

**BIOCHEMISTRY** department was started in 1993. It has qualified and dedicated faculty, with well-equipped laboratory. Department is regularly hosting special lectures to enlighten the future aspirants of Science. The students are taken to special visits to reputed industries and institutes to expose them to the recent developments in the area.

### ABOUT WORK SHOP:

Drug designing includes various aspects including the assessment of actual biological properties of the drug in question. In vitro biological assessment including antioxidant properties and enzyme inhibition efficacies are a prerequisite for a drug to be taken forward to the in vivo investigations. Accordingly, this workshop is specially designed to enhance the laboratory skills and research perspective among UG and PG students. The one-day workshop includes preparation of fractions of plant extracts rich in phenolics and flavonoids while their antioxidant and anti-inflammatory properties are assessed using free radical scavenging assays in vitro.

CiteWorthy Lifesciences is a registered private Research and Development facility in Life Sciences, established in Mysuru. As the name indicates the research data and findings in association with CiteWorthy will be "Worthy of Citing". The primary objective of the company is to provide guidance in enhancing the soft skills as well as laboratory skills among the budding scientists. CiteWorthy serves the research needs in terms of short-term internships in most streams of Life Sciences, as well as laboratory services to researchers.

### Registration:

- Registration fee ₹ 600/- per participant
- Participant should register on or before 1<sup>st</sup> of August 2022
- Maximum participants allowed is 40
- Registration is based on first come first serve basis
- Mode of payment is offline

REPORT OF ONE DAY STATE LEVEL WORKSHOP ON  
“BASIC EXPERIMENTS IN PHYTOTHERAPY”

A one- day state level workshop was organized by the Department of Botany and Biochemistry of Sarada Vilas college Mysuru in collaboration with Cite Worthy Life sciences as an IQAC initiative on 03<sup>rd</sup> August 2022. The topic chosen for the workshop was on 'Basic Experiments in Phytotherapy' with the objective to assess various compounds present in plants *in-vitro*. The work shop was specially designed to enrich the laboratory skills among the students of UG and PG.

The work shop commenced with the formal inauguration by the chief guest Prof. A P Jnana Prakash, Registrar (evaluation), University of Mysore. Sri N Chandrashekara Hon. Secretary SVEI, Sri L Ramachandra Governing council member SVEI, Dr. M. Devika, Principal Sarada Vilas College and Dr. Girish Chandran Scientific advisor Cite Worthy Life sciences Mysore had also witnessed this moment.

The inauguration was followed by a short session of technical talk and four sessions of hands-on training to the participants. Since it was a state level work shop students from various colleges from different parts of the state participated in this workshop and had a dynamic hands-on training by the resource persons which would enhance their practical skills and insight. A short quiz was arranged at the end of the practical session followed by valedictory note.

# DIGITAL SKILL INITIATIVE PROGRAMME

Date: 3<sup>rd</sup> September, 2022

Venue: Centenary hall

The Orientation Program regarding the proposed digital skill fluency training was held on September 3<sup>rd</sup> 2022 at 10am at Centenary hall, Sarada Vilas Educational Institutions (R). Mysuru. Sri.N.Chandrashekhar, Hon. Secretary of SVEI and Dr. M. Devika, Principal, Sarada Vilas College presided over the function and Sri. Narasimha, Governing Council member of SVEI and all the faculty members were present along with over 600 students. Sri.S L Ramachandra, Governing council member of SVEI welcomed the dignitaries. Duration of the session was about 90 minutes which helped the students in their placements, facing the interviews and resume writing, building inter personal and soft skills etc. The second year and final year students of both science and commerce stream students were being benefited by it. The session was inaugurated by D.N. Vasuki, IT Consultant and Member Board of the National Institute of Engineering, Ram Bhopal Reddy of Max-Munus Solutions, Prof. G.L.Shekar, Educationist. Speaking at the inauguration

of the Novel Digital Skilling Initiative organized by Sarada Vilas Educational Institutions, D.N. Vasuki opined that time has come to provide digital skill competence to every graduating student irrespective of his/her specialization. About 30 million students graduate every year across different disciplines in the country and it was the responsibility of the management of the educational institutions to enable every student to become fluent in digital skills. He also stated that the current dynamics in education, more so after implementation of National Education Policy (NEP) and abundant job opportunities in the industrial and service sectors, students should learn digital skills like social media and digital marketing, business and data analytics. 43% of the jobs available in market come under non- tech jobs and hence such digital skills are highly essential for non engineering graduates, be it Science, Law or Pharma. While delivering a technical talk, Ram Bhopal Reddy of Max-Munus Solutions said that maintaining a good customer relationship required digital skills, especially in product and service sectors. More and more number of users is going online and students seeking jobs should build relevant digital competencies. Referring to the recent surveys conducted by management consulting groups, Prof. G.L.Shekar, educationist stated that India would be the global leader in providing talent pool which is estimated at 20% of the world's working population by 2047. Skilling graduating students to better their employability must be the focus of educational institutions. The session was an eye opening to the students and thus became successful.

## Press-Release

The two day National level lecture workshop will be organized on the topic "Recent Advances in Life Sciences" on 1<sup>st</sup> and 2<sup>nd</sup> of December 2022 at Centenary Hall, Sarada Vilas College, Mysuru. This provides an opportunity to discuss about the strategies that could mitigate various diseases at genetic and molecular level by understanding the concept of genomics and chromosomics. N.B. Ramachandra, FASC., FKSTA., workshop convener, UGC-BSR Faculty fellow, DOS in Genetics and Genomics, University of Mysore, will inaugurate the workshop and his session deals with the topic "Genetics Today: An overview" and "know your Genome" in the afternoon and Dr. Upendra Nongthomba, Professor, IISc., Bengaluru will address the session on the topic – "what can we learn from model systems of human genetic disorders?" and "Genome surgery using CRISPR-CAS9" in the afternoon session.

On the second day the workshop provides a microview on "GMOs for food security" by Prof. Niranjana, FNASc., FNAAS., FNABS., FKSTA., Former vice-chancellor, Gulbarga, University Distinguished professor (life -long), BSR-Faculty Fellow, Department of studies in Biotechnology. Dr. H. Shekar Shetty, FASC., FNAAS., Professor (Rtd), DOS in Biotechnology, University of Mysore, deals with the topic "Biotechnology a new horizons" and Prof. T. Shivanandappa, FKSTA., CSIR., Emeritus Scientist, Dept of Zoology, University of Mysore, interact in the session regarding the topic "Why do we age?" The two day workshop is sponsored by Indian Academy of Sciences, Bengaluru, Indian National Science Academy, New Delhi and The National Academy of Science, India, Allahabad.

Dr. B.M. Subraya, President, SVEI(R) and Sri N. Chandrashekar, Hon. Secretary, SVEI (R), Mysore, along with special invitee Prof. T.K. #### ABOUT THE WORKSHOP:

Life science is a subject that deals with the integrated approach of all branches of biology including health, agriculture and environment. The tree of life sciences is growing by producing more and more branches, by advancement in its area of research in the past few decades.

The recent advancement in the field of genetic engineering and biotechnology had played pivotal role and help to find a solution for various issues especially in the health and agriculture sector. The two days National level lecture workshop provides an opportunity to share the ideas and discuss about the strategies that could mitigate various diseases at genetic and molecular level by understanding the concept of genomics and Chromosomics.

#### SCIENCE ACADEMIES

Indian Academy of Sciences, Bengaluru founded in 1934 by Sir C.V. Raman, aims at promoting the progress and upholding the cause of science in pure and applied branches. As part of the science education programmes, the Indian Academy of Sciences, Bengaluru in association with Indian National Science Academy (INSA), New Delhi and Indian National Academy of Sciences (INAS), Allahabad organizes programmes for the improvement of science education in the Universities and Colleges throughout the country.

In 2013, extended its academic activity by launching B. Com and BBM (now BBA), further extended its academic initiative by starting M.Sc., (Gen. Chemistry) in 2014 and M.Com program from 2017.

#### ABOUT THE DEPARTMENT

**BOTANY :** The Department was started in 1963 as Department of Biology to cater the students of Mysore city. Later in 1965, the department was bifurcated into the Departments of Botany and Zoology, and since then, the department has a legacy of imparting quality education to thousands of students with a state-of-the-art laboratory, and good collection of specimens, fossil slides, equipment and a herbarium.

The department has carved a niche in the city of Mysore and owes its credit to the eminent Professors of the Department, Prof. S Lakshminarayana, Prof. A N Nagarathnamma, Prof. K G Shashikala and Prof. Y Gururaja.
